SUMMARY
B.S. Software Engineering student at MSOE with practical experience in hands-on and team-based projects. Working towards a minor in Data Science. Committed 15 hours per week to extracurricular school involvement and 20 hours to my job. I was recognized on the Dean's List the past three semesters. Skilled in Java, Python, JavaScript, C++, React, and AWS. I'm actively seeking an internship to further enhance my coding, problem-solving, and collaborative skills. I have no preferences yet as I am just trying to expand my skillset. I adapt quickly to new challenges and am eager to learn and grow in the field of software engineering.

EDUCATION
B.S. Software Engineering | Milwaukee School of Engineering | GPA: 3.5 | May 2027
H.S. Diploma | Waukesha West High School | Waukesha, Wisconsin | GPA: 3.81 | June 2023

PROJECT EXPERIENCE
- **Personal Portfolio**
  - Developing a responsive and dynamic personal portfolio website using TypeScript, React, and Tailwind CSS to showcase projects and skills.
  - Implementing modern design principles with Tailwind CSS for a clean and professional aesthetic, emphasizing usability and performance.
  - Utilizing React components and TypeScript for type safety and maintainable code architecture.
  - Hosted and deployed through AWS Amplify for efficient front-end delivery
- **Wordle Game (Group of 5)**
  - Developed a Wordle-inspired game with Java and JavaFX, including features for word guessing, feedback, and validation.
  - Built a user-friendly graphical interface integrated with backend logic.
  - Gained team collaboration experience using Scrum and improved version control skills with Git.
- **Travel Dataset Model Evaluation (Group of 2)**
  - Analyzed a dataset with 100,000 records using supervised (KNN, Logistic Regression) and unsupervised (K-Means) models to derive meaningful insights.
  - Evaluated model accuracy, tested hypotheses, and documented findings in a comprehensive report.
  - Strengthened skills in data analysis, model training, and statistical evaluation using Pandas, NumPy, and other libraries.
